

VANA TALLINN HERITAGE EDITION

LIQUEUR

Vana Tallinn – a liqueur with the characteristic rich colour of copper, whose history dates back to the beginning of the 1960s. It is a velvety combination of a recipe mixed with the main flavours of real Jamaican rum and essences of citrus fruits accompanied by the warming spice of exotic cinnamon and the taste of sweet vanilla. In order to celebrate the glorious history of the liqueur, an exclusive brand with a light nuance of oak has been produced – Vana Tallinn Heritage Edition.
